Contents of *Agricultural Water Management*, Volume 47

VOLUME 47 ISSUE 1 — FEBRUARY 2001

Salt tolerance of crops according to three classification methods and examination of some hypothesis about salt tolerance
N. Katerji (Thivernal-Grignon, France), J.W. van Hoorn (Wageningen, Netherlands), A. Hamdy and M. Mastrorilli (Bari, Italy) 1

Soil salinity reduction and prediction of salt dynamics in the coastal ricelands of Bangladesh
M.K. Mondal (Gazipur, Bangladesh), S.I. Bhuiyan (Manila, Philippines) and D.T. Franco (Los Banos, Philippines) 9

Effects of different water supply regimes on water use and yield performance of spring wheat in a simulated semi-arid environment
F.-M. Li, X. Yan, F.-R. Li and A.-H. Guo (Lanzhou, PR China) 25

Methodology for design of water harvesting system for high rainfall areas
R.C. Srivastava (Orissa, India) 37

Simulation of the dry matter production and seed yield of common beans under varying soil water and salinity conditions
S.G.K. Adiku (Accra, Ghana), M. Renger, G. Wessolek, M. Facklam and C. Hecht-Bucholtz (Berlin, Germany) 55

Use of crop water stress index for monitoring water status and scheduling irrigation in wheat
A.A. Alderfasi (Riyadh, Saudi Arabia) and D.C. Nielsen (Akron, OH, USA) 69

Announcement 77
Guide for Authors 79

VOLUME 47 ISSUE 2 — MARCH 2001

Controlled drainage — effects on drain outflow and water quality
I. Wesström, I. Messing, H. Linnér and J. Lindström (Uppsala, Sweden) 85

Application of drag reducing commercial and purified guargum for reduction of energy requirement of sprinkler irrigation and percolation rate of the soil
S. Phukan, P. Kumar, J. Panda, B.R. Nayak, K.N. Tiwari and R.P. Singh (Kharagpur, India) 101

Comparison of surge and continuous furrow methods for cotton in the Harran plain
R. Kanber, H. Köksal, S. Önder, S. Kapur and S. Sahan (Adana, Turkey) 119

PII: S0378-3774(01)00098-1

Real-time scheduling of supplemental irrigation for potatoes using a decision model and short-term weather forecasts
J.W. Gowing (Newcastle upon Tyne, UK) and C.J. Ejieji (Ilorin, Nigeria) 137
Application of confined aquifer theory for verification of solutions of water flow towards a drain in saturated–unsaturated soil
H. Zaradny (Gdańsk, Poland) 155

VOLUME 47 ISSUE 3 **APRIL 2001**

Response of two varieties of lentil to soil salanity
N. Katerji (Thivernal-Grignon, France), J.W. van Hoorn (Wageningen, The Netherlands), A. Hamdy (Valenzano Bari, Italy), M. Mastrorilli (Bari, Italy), T. Oweis and W. Erskine (Aleppo, Syria) 179
Influence of subsurface drainage on crop production and soil quality in a low-lying acid sulphate soil
E.K. Mathew (Kerala, India), R.K. Panda (West Bengal, India) and M. Nair (Kerala, India) 191
Re-engineering irrigation management and system operations
D. Renault (Colombo, Sri Lanka) 211
Farm-scale stormwater losses of sediment and nutrients from a market garden near Sydney, Australia
E. Hollinger, P.S. Cornish, B. Baginska (Richmond, Australia), R. Mann (Windsor, Australia) and G. Kuczera (Newcastle, Australia) 227
Managing subsurface drip irrigation in the presence of shaliow ground water
J.E. Ayars, R.A. Schoneman, F. Dale (Fresno, CA, USA), B. Meso (Parlier, CA, USA) and P. Shouse (Riverside, CA, USA) 243
